

Northampton

Gayton Junction to Northampton, 5.75 miles 17 locks

A Nene key is required for the river locks and for the service blocks. This can be purchased at either of the boatyards at Gayton. A river licence is required, or Gold British Waterways licence. The river is wide once you get through all the locks from Gayton.

There are good moorings by the yellow walk bridge in the town. Shopping is handy from Morrisons reached from the walkway where the yellow bridge is. You can bring a trolley down to the boat from there. Also just opposite Morrisons is a good clothing shop at very good prices.

The town centre is just half a mile away from the river, follow the signs. There are some new moorings on past the service block. Midsummer Meadow Moorings look quite good and are not in the town itself, although I have not stopped there and dog walking is restricted to just the tarmac paths alongside the river.
