

Oundle Marina

Wadenhoe to Oundle Marina, 3 miles 3 locks

There are some moorings after Upper Barnwell Lock and bridge but just before the entrance to the Marina on the left going downstream which welcomes boaters. There is a Club House there open at the weekends in summer, don't know about the winter months. The entrance to the Marina itself is difficult from upstream as it is very narrow and is on a dog leg to the left. Slowly does it. [The Marina services](#) are over the far side. Here there is diesel, elsan, water and gas. It is a bit of a walk to the elsan block. There is also a well stock chandlers.

Always a bit difficult to moor on their quay as there are a lot of boats in the near vicinity some are grp cruisers, and if there is any wind at all then it is always in that particular marina! Mooring inside the Marina will cost £10 overnight. You can moor for the night for free on the outside by the Club House. The Marina and Club House are locked to the outside at night so there is nowhere to walk any dogs. I have not stopped here overnight so cannot comment further.

There is a [restaurant](#) at Upper Barnwell Lock, but unfortunately, at the time of writing, it has no moorings for passing boats, and mooring at either the Marina or the Club House would be no good because the gates of both are locked at night. It is a 15 to 20 minute walk to Oundle Centre from here. All shopping available, butchers, bakers, co-op supermarket, chemist etc.
