

# Weston Favell

*Northampton to Weston Favell, 3 miles 2 locks*

Pontoon moorings at Weston Favell. Keep a watch out for a split in the river as you cruise across through the washlands, the moorings are tucked in to the left of the main river. Very safe moorings in time of flood as they go up and down with the height of the river.

There are no service facilities here, the A45 is not that far away so there is road noise. The only problems we found was youngsters on bikes on the flood bank at weekends. Apart from that it is a dog walkers paradise.

There is one walk all the way around the reservoir on the other side of the river, plus there is a 4 mile walk by following the path along the floodplain towards the A45 then right to go alongside the river to the next lock, crossing the lock taking the path to Little Houghton and finally the footpath back to the moorings. Little Houghton has a handy store as well as a Post Office and pubs. [A bus](#) runs to Northampton from there 07 minutes past each hour.
